# ONE MAN'S OPINION

We had a bad break last week on our plans for a new food service area we will call the "Top Spin Grill". We did not know we needed a building permit to build a storage room and thus we did not get one. When we asked to turn the storage room into a kitchen, we learned that we have to go to a public hearing to operate our own kitchen. The fact that food has been served 30 feet away from our proposed new kitchen makes no difference—we must engage in a public hearing before we can serve food on our property????

The hearing will be on August 23rd and once that obstacle is behind us, we hope to work overtime to meet our target date of September 30th, to begin serving HEALTHY food, prepared in our own kitchen. I hope some of you will attend the hearing to support our request, as the board will always listen to Laguna Niguel residents who VOTE.

We are requesting approval to complete our entry, which will mean that we will move the pro shop from its current location to a new location in the new entry. That will free up new lounge space and we will move the front desk from its current location to the front of the new entry space. We will install a new door that will require a membership card for entry. We will also have a buzzer for those members who forget their cards, but the new door will also limit entry to members and guests only. We will be moving Mark, Sandy and Anne into the space created by the move of the current front desk, and the current pro shop. This move will make it easier to contact the people most involved with tennis with any questions. Our goal is to improve the service to our members and to control the entry to the club for security and safety purposes.

Thus, we are FINALLY on our way to the completion of the major move of the pro shop and the front desk to the new space created by the covered entry and I am hopeful that this will greatly improve our social space, as well as improve the safety and security of the club.

We are heading towards the back-half of our summer months, and we have just a little over a month before school starts up again for our kids. Summer tennis camp is still going on throughout the month of August, so be sure to sign-up your kids! There are so many new things going on at LNRC - renovation to

our club entrance, prepping for our new eatery, Top Spin. We also have our on-going tennis clinics and activities, as well as fitness activities and classes. Be sure to bring a guest the next time you come to the club. Maybe try out a yoga class, or enjoy a match on the courts. Either way, I'm sure they will enjoy the club as much as you do. Talk to **Sandy** for more info on guest passes and membership. Hope you are enjoying the summer... See you around the club.

Well, the summer as usual has and is going by too fast. The weather has not been the greatest so far, but August will bring us many sunny and warm days. The kid's camp is in full swing and it is fun to see the young ones get their start in the game, and hopefully one day keep playing

and get involved year round. We have so many good players at our clubs and for the most part they got their start in our camps or our Junior program. Congrats to **Barry's** daughter **Brynn**, who started her tennis in our camps and programs, and just won a pro tour event in doubles. Our summer camp for the young ones is an introduction to the game and a way to meet some new friends as well. I hope all of you will see the fun they are having and give it a try this summer. Another program that we have started (and I will personally will be involved with) is our brand new, New Player or Beginner Clinic that is on Thursday nights. Sign up at the front desk for each Thursday, as a way to learn and play with members that are just getting started. It is a FREE clinic and a great way to learn or brush-up on the ground strokes, volleys and serves, without feeling intimidated. Also in this class, we will be playing some matches as well. IF you have any questions about this class, feel free to call me or email me. Love to see you out there...Have a great rest of the summer. See you on the courts.
